OLD, TRIED, AND TRUE.

People are getting acquainted—and those who are not ought to be—with the wonderful merits of this great American Remedy, the

MEXICAN

Mustang Liniment,

FOR MAN AND BEAST.

This liniment very naturally originated in America, where Nature provides us with laboratory such as the Mustangs, and the Mustangs of her children. Its fame has been spreading for 25 years, until now it enters the household of every family. The Mexican Mustang Liniment is a medicine remedy for all external ailments of man and beast. To stock owners and farmers it is invaluable. A single bottle often saves a human life or restores the usefulness of an excellent horse, cow, or sheep. It cures foot, horn, hallow horn, grub, sore, sore, shoulder, etc., the bites and stings of poisonous reptiles and insects, and every such drawback to stock breeding and stock life. It cures every external trouble of horses, such as lameness, colic, swelling, sprains, founder, wind gall, etc., etc., etc. The Mexican Mustang Liniment is the quickest cure in the world for accidents occurring in the family, in the stable, or in the field, such as burns, scalds, sprains, cuts, etc., and for rheumatism, and stiffness engendered by exposure. Particularly valuable in the treatment of the Mustangs. It is a cheap remedy in the world, for it penetrates the muscle to the bone, and a single application is sufficient to cure. A Mexican Mustang Liniment is put up in three sizes of bottles, the larger ones being proportionately more than the smallest. Sold everywhere.
